***"How to destroy the West: Corrupt the young. Get them away from religion. Encourage their interest in sex. Make them superficial by focusing their interest on sports, sensual entertainments, and trivialities. Always preach true democracies but seize power as fast and ruthlessly as possible. Encourage government extravagance, destroy its' credit. Produce fear with rising prices, inflation, and general discontent. Encourage disorders and foster a lenient attitude disorder. By specious argument cause the breakdown of the old moral virtues: Honesty, Sobriety and Self-Restraint. Cause registration of firearms to leave the population defenseless." Vladimir Lenin, 1921.***

**Civil disorder** (unrest), an activity arising from a mass act of "civil disobedience" hostile toward authorities. The public safety and order (social contract) difficulties to maintain due

political oppression (decadent lifestyle). The right to lawfully assemble (peacefully protest) has no effect on corrupted government elected officials psyche since their antisocial and psychopathic personality traits lack of righteousness. The other option, through the general vote, but inexistence render (cause to become) two options (revolution or enslavement) decision-making. American society complacent attitude (feels that they do not need to do anything about election fraud, political dispossession, war-like world police foreign policy, decades of government corruption and war crimes) escalates to arrogance attached to karma (action and reaction). These moral and legal omissions causality contribute to resentment (treated unfairly) and revulsion (feeling of violent disgust) that lead (deemed predictable) to civil war.

**Civil war** between conservatives vs. liberals, Luciferian doctrine (you-enslave or are enslave) vs. Christianity (righteousness-commandments). Luciferian-doctrine and **"cultural war"** are enemies of the USA Republic. Civil war and Revolution war is **Rockefeller's "Operation-Lockstep" agenda**. American-People have a historic civic-duty to assure "free-will" for future generations, but through the vote as a civilized society. Remember, is not about racism rather principalities since 'Homo-sapiens is One-All.' In Nashville, American-People are presented with two options Broadway or Church Street. **Mankind Renaissance (constitutional-free-will) or One World Government (totalitarian-regime-enslavement) unavoidable-decision**. As God of Abraham's male servant, I chose righteousness and will walk the Church Street.

***"These are the times that try men's souls." "The harder the conflict, the more glorious the triumph." Thomas Paine.***

Like the Barbarians who fought the Roman global-elite tyranny, today, Western Civilization under the oppression from corrupt health officials' medical-tyranny; furthermore, technocrat enslavement-agenda and persecution of the political-dissidents (opposes official policy). The conquering minds of the globalist elite brought the second American crisis, and today these psychopaths have won all the silent battles. Washington 'stealth and speed' stood up for the country, our families, and all that American society cherish freedom, not cowardice, and submission that brings hopeless enslavement. Arthur St. Clair suggests flanking the enemy, and it works, Washington's greatest flanking maneuvers in military history. Today the technocrats, "know all" due to the loss-of-privacy, then, American-People will give defensive legal maneuvers, that, it will be on the open. The 'defensive tactic' will provide the "record of evidence" for future military tribunals if, Christians and conservatives becomes "prisoners of conscience" as is written on the new laws ("domestic-terrorism") of this new totalitarian regime. A third political party urgently needed at the local and municipalities due they will have jurisdiction of the ballots securing transparency to undo democracy-usurpation. USA Republic foundation on the USA Constitution have been corrupted with unconstitutional laws

and government officials ("State Action") that denied the "rule-of-law" to average American citizens. The dehumanization began criminalizing-criticism, then label as "domestic-terrorism" to mute dissent is the beginning of communism-government.

***"The perfect dictatorship would have the appearance of a democracy but would basically be a prison without walls in which the prisoners would not even dream of escaping. It would essentially be a system of slavery where; through consumption and entertainment the slaves would love their servitudes." Aldous Huxley, 1931.***

Huxley raised the alarm against the dangers of using scientific and technological advances to control society giving power to totalitarian states to change the way human beings think and act.

***"The most violent element in society is ignorance." Emma Goldman.***

***"If most of us remain ignorant of ourselves, it is because self-knowledge is painful, and we prefer the pleasures of illusion." Aldous Huxley.***

**STOP THE POLICE STATE TOTALITARIAN REGIME OPPRESSION. DO NOT CONSENT SUCH TYRANNICAL PRINCIPALITIES UPON AVERAGE AMERICAN CITIZENS. THE ONE PERCENT ARE NOT BOUND BY IT, BECAUSE THEY ARE NOT THE SLAVES-YOU ARE INEQUALITY.**

**American and World Millennials and Gen Z** stop procrastinating, historical duty is upon you all urgently principalities respond. A selected generation will live extraordinary events. American society in clear and present danger, state of affairs that involve your future unborn daughter/son or grandchildren. Humbly request pay attention because nowadays decision forge their living reality cannot escape. Multiples Machiavellian-agendas running parallel inevitable Western Civilization destruction end-result. **The only way to survive this cataclysmic is through 'Equity-Reparation-Treaty' and Reconstruction based on Human-Rights not dogma neither ideology. The righteousness principality strength will guarantee racial solidarity/morally covenant.**

**2022 USA Election is pivotal to decide American-Freedom. Equality-goal is changing the "status-quo" but requires a vision powerful enough to create a mass movement. Take one generation to heal resentment once for all, be creative, begin statement-of-organization (political flanking maneuver), historical achievement of two generations to 'break-a-tie' in the political arena and away of "status quo." The "matrix déjà vu" vicious-cycle chains must be torn apart into inexistence once-for-all instead of repeated failures.**

***"I'm humble enough to know I'm not better than anybody and wise enough to know I'm different from the rest." Unknown.***

***“Constitutional States Association (CSA) govern their public administration under ‘Universal-Alpha-Constitution’ which is the USA II-Constitution including Amendments 28-Referendum General Vote & 29-Accent to Laws the Equity Reparation Treaty such covenant reaffirmation through Referendum General Vote as a citizen signature. Hate (toxic-detest human-emotion) is self-absorbed denying the potential-of-recuperation and peaceful-harmony. RESPECT EQUALITY RECIPROCITY. At the Federal Level, the USA II-Constitution and federal laws that cannot be rejected under State-sovereignty. This new-social-contract will lead to peace and prosperity for future generations. Universal Health Care System-single payer until dead, Education Reformation-repeal indoctrination through fixed Mind & Body curriculum (105/130 IQ-Alpha’s intelligence Wealth-Reparation) test-based only without deviation, until Associate Degree, ethical public administration policy-budget forensic accounting-peer-review, community residents patron local businesses, State Driver ID-free with government assistance on application until is fulfill-empowerment, massive reforestation and beautification of areas, censorship-illegal, Firearms-States-Reciprocity and open-carry, Self-sufficient food chain-supply, Tri-State Infrastructure-Reconstruction model, State Border Patrol and State Police without ‘qualified Immunity’ but training-accountability, compulsory forensic audit-peer-review on every Election-transparency, State Guard of 10% of general population-intervention civil unrest.” Allan Echavarría Diaz.***

2022 USA Election urgently require a new major populist political party that securely-deliver 51% of the votes to overcome Democrats and Republicans rigged-political-system. My precious Millennials and Gen Z, you are the corruption-antithesis due your powerful votes can make the difference worldwide literally. Do not worry about 21%, We-The-People will be there by your side to repulse it, why? Because you are our future Human-Capital, but most important to defeat common-danger (totalitarian regime). **What unite us? Alpha Gen. Human-Capital-Treasure (tax enslavement and loss of autonomy victims).**

The State had grossly-crossed the line of the children peace inner-sanctum, altering the natural-innocent experience of human development. Moral values are sacred to the family unit only, period. UNICEF says pornography is not always harmful to children is incorrect.

**Doing as Lot’s people did, examples:** Sex-Education teacher cartoons videos on ‘masturbation’ lesson (clitoris and penis) for first graders was CHILD PORNOGRAPHY; same as, one-day workshop on ‘porn-literacy’ for juniors. NY: LI Babylon High School sex-abuse claims. Inappropriate child-activity, perverted education-system. Loudoun County School Board must be indicted for ‘endanger-of-children’ due mens-rea was present on omission of public-duty to inform the parents of the ‘children-victim-of-sexual-assault’ and ‘criminal-negligence’ when they lie to the parents denying the children medical-care and rape-kit to identifying the rapist. Cover-up malfeasance. Fairfax County Public Schools (FCPS): **“Lawn Boy”** by Jonathan Evison (descriptions of sex between men and children) and **“Gender Queer: A Memoir”** by Maia

Kobabe (boys performing oral sex on each other) sexually explicit books to its high school libraries. **"...there is no pedophilia in the book." "...neither depicts nor describes pedophilia." FCPS. "This is in concert with good pedagogy and US Supreme Court precedent." FCPS Pride.** Literature that allows LGBTQIA+ students to see themselves.

**DSM-5:** paraphilia involving recurrent sexual-urges towards prepubescent-children. The power imbalance-inherent in all adult-child-relationships, cognitive-distortions, and neuroticism. Sexually-explicit-material that violates fundamental notions of decency is not protected by the 1<sup>st</sup> Amend. (354US476), but to protect explicit material that has social-value, obscenity-exception (413US15 & 418US153). Sexually-explicit-conduct connotes actual depiction of the sex act. A crime is committed only when the speaker believes or intends the listener to believe that the subject depicts real children.

**Bill to include 'pandering-provision' that prohibits 'obscenity-openly-advertised' to appeal to the recipient's sexual-interest. Virtual pornography subject to standard-attempt-liability, no real-child requirement. Advocacy is directed to incite such action.**

Furthermore, the State crosses the line of 'body's autonomy' when children are vaccinated without-parental-consent, passing the 'risk-of-losses to the individual from a vaccine's adverse-side-effects (someone may need lifelong care), and no liability. The progressive-Democrat-agenda is not a mistake or arrogance to acknowledge a misstep, but design-destruction of family-unit dissolved into a 'world-citizen' without sovereignty (privacy and autonomy). Example: Los Angeles Wi Spa (June 2021), allow a man due 'sexual orientation' into women's wet spa section where all the women are naked. The man's testicles and penis slinging left to right in front of young girls, teens, and women. **Transgender or not was indecent-exposure and women-discrimination. It is nothing to do with 'woke' but moderation without infringed others civil rights, applies to all. In the name of false-equality, the locker room gender identity's policy allows biological males into the female locker room; 'Equality Act' to end legal recognition of biological sex (transgender-transhumanism-agenda). Sen. James Lankford (R) questioned HHS Secretary Xavier Becerra about inclusive language 'birthing person' instead of mother.**

California: 'Pledge of Allegiance' to the 'pride flag,' teacher grossly violation of the First Amendment, unacceptable indoctrination. Antifa high-school teacher indoctrination to turns children into revolutionaries, 'Antifa flag.' Examples of low-trust-culture such children's human right violation. Urgent Judicial-Review, corrective action.

**The Equality Act, "...inappropriately threaten fundamental religious liberties." Sen. Mitt Romney (R).**

**The Renaissance Party concurs that federal civil rights protection apply to LGBTQ+ under Equal-Protection-Clause.** Sex-privacy out of governmental officials and theocracy regime (religious dogma). "Free-Will" principle be given since the beginning YHWH' Creation and only Most High God have a matter on their intimacy. Homo-sapiens in this Third-Lineal Dimension must be treated without discrimination based on respect of each other. Salvation is individual and has to be voluntary reaching Homo-sapiens' righteousness. Traditional family will not be under attack with "welcoming and inclusive-space state-of-mind" DISCRIMINATION. MOM AND DAD stays, no exception.

**Critical Race Theory-PSYOP apply by State School Administration will produce 'reverse-discrimination' against white skin children and 'peer-pressure' amplified anxiety and depression due 'low-self-esteem' to uncertainty. Passivity breeds mediocrity and mental illness.** Schools' hybrid learning outcome was "learning loss" for Alpha Gen., 60% of families (propaganda victims) decided to keep their children at home. Examples of human-rights violations but war-crimes if political-agenda (psychopathy) is proven.

***"FOIA your school board's curriculum content in large numbers."* Dave Hodges.**

**The Renaissance Party concurs with several States restriction on school-curriculums that include Critical Race Theory and America's history of Slavery (1619 Project).** Students' critical thinking must be free of intimidation or discrimination. The NAZIS were obsessed with race, controlled culture, dissemination of news and suppressed dissent.

Charlottesville removed statue of Confederate General Robert E. Lee, INCORRECT PUBLIC ADMINISTRATION. History does not change because of removal of the statue but endangers future generations to slavery; just like in the past, still enslaves without whipping-brutality but peaceful-enslavement.

***"Those who do not know history are destined to repeat it."* George Santayana.**

**Critical Race Theory (CRT)** critiques the social construction of race. The American Bar Association (ABA) explains that CRT is not a diversity and inclusion training but a practice-not a noun, but a verb. CRT implies only white people oppress all people of color and anything that can be linked to white culture are considered oppressive to all non-white people. This practice entails constantly searching for new aspects of injustice, self-absorbed. The role of law in perpetuating racial inequality and the way it reproduces racial injustice; the hope of CRT is to finally upend it. The slow pace of racial reform need intervention to end discrimination "as-whole" but not to be redirected to any people that have not practice privilege neither oppression. Critical theory seeks human emancipation, the traditional theory a specific practical purpose.

***“The things that they thought were going to help, did not help. And in many cases made things much worse.” Thomas Sowell.***

Democrats' concurrence-narrative of systemic-racism and white-supremacy on veterans, military, police, conservatism, and USA Congress. Civil society efforts to mitigate the risk of political violence in America due polarization-propaganda will bring another 'loss-generation' and 'low-trust culture.' The 'whole-as-government' failed providing peaceful opportunities for discussion and reconciliation to reduce polarization. The risk of violent escalation due militarized federal reaction to domestic-unrest is excessive-force (tear gas and impact munitions). Also, counter-protests, turning violent can rapidly turn deadly confronting opposing demonstrators.

Attributing the inferior status of African Americans to poor decision making, devaluing education, and parental responsibility (Horowitz). Over 80% violent crime, the criminal did not grow-up with a father (single parent household). Is responsibility of society or African American? Tired of feeling accused of shameful acts they never personally committed or approved. Compete on the same terms and ability to improve as everyone else. African Americans have suffered socio-economic disproportionately-discrimination. The persistence of such substantial disparities exacerbates themselves from one generation to the next. 'Racial-oppression' contributed to the development of 'self-destructive-behavior,' FACT.

However, many of these problems cannot be traced directly to slavery. USA today reflects many diverse cultures and ethnicities into one convoluted history.

**'Whiteness' is a parasitic affliction that must be 'cured' –CRT hate speech** consequence into 'toxic-behavior' cannot normalized this abusive-socialization promoting segregation. CRT is not post-racial but reverse-discrimination. New York City, Barnor Hesse's 'tool-for-action' to white parents to advocate for full 'white abolition,' this PSYOP is reverse discrimination against white culture. Think for a moment if it was the other way around, what happens? Chicago Mayor Lori Lightfoot's discrimination attacks on overwhelming 'whiteness' of press as crime-skyrockets. For examples: seventy-three people shot, eleven killed is not hysteria but 'war-zone' (July 24-25 weekend), fifty-six shot, eight fatally in Chicago's gun-violence (Aug 16, 2021). Forty-six people shot including six children, three fatally in Chicago gun violence (Oct 9-10-21). Chicago gang drags couple from car (baby-onboard) and shoots them at point-blank range. North Dakota teen girl dies after random attack while skateboarding by Paulsen, alleged assailant Arthur Prince Kollie-charged with murder (consequence of dehumanizing-language). Mr. Obama (Deceiver) concerns on attacks over CRT overlook the consequences of fueling the cultural-war highly-volatility state-of-affairs until pass beyond polarization to civil-war. Examples: San Francisco rise in shootings and assaults, a photo-out shows a woman leaning out of a moving car while holding an AK 47, SFPD-Twitter. NYC: 13yrs shot on way to

school. Indeed, 'lessons-learned' from his administration point out to Oligarchy priority over average American citizens. Democratic society equal wealth distribution while Aristocratic society wealth distribution favors the social elite. Democrats and Republicans secure their dynasties in One World Government as society Master-of-Puppet.

Daily Mail/Snejana Farberov & Ronny Reyes (JAN 2022): The Jamaican immigrant career-criminal yelled: "Where's our reparations for four hundred years of fucking slavery...fuck you all...Do you wanna start a war between Latinos and n...ers." Winston Glyn. He turns around like he is going to leave, but he comes back and shoots her, lost her life for not having cash-register drawer key, only handed \$100. **Clint Smith** has considered the ways in which the legacies of slavery have influenced everything from prison-industrial-complex to infrastructure-bills, ***“...reshape our paths forward by being honest about our pasts.”***

**Salina Dunham** –impact on ‘quality of life’ Reparations.

**Aristotle Corrective Justice Principle** –*that one who wrongfully harms another is obligated to make amends to the victim.*

***“Forget the former things; do not dwell on the past. See, I AM doing a new thing! Now it springs up; do you not perceive it? I AM making a way in the desert and streams in the wasteland.”*** **Isaiah 43:18-19.**

Collective-responsibility of American citizens as society for the consequences-of-slavery, transcend time from their inception. Muslim Arabs and Ottoman Turks started Trans-Atlantic slave trades kidnapped by other tribe members. Regardless, it was primarily the Africans who waged war on and kidnapped their brethren and sold them to Europeans and Arabs in the demonic trans-Atlantic slave trade. The Arab African slave trade ‘Human Rights violations’ are also responsible for Reparations just like Europe and USA.

**Declaration of Independence:** ***“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights...that among these are Life, Liberty, and the pursuit of Happiness...”*** **IN CONGRESS, JULY 4, 1776.**

***“The patriots of the American Revolution...grace to confess the abhorrent character of slavery, and to hopefully predict its overthrow and complete extirpation...looked forward to this happy consummation.”*** **Frederick Douglass –abolitionist, 1855.**

***“...And if the N... cannot stand on his own legs, let him fall also. All I ask is, give him a chance to stand on his own legs!*** **Frederick Douglass, 1865.**

Collective obligations (rights and obligation) derived from our American citizenship; the individual responsibility of a particular administration cannot relieve the country of collective responsibility. The US Government can only pursue policies and carry out programs with the tacit approval of the citizenry (Loewy). The legality of slavery and discrimination came from Constitutional Law. **USA accepted International Law and invoked attributing responsibility to other nations; also, acquiesced in their application to the USA.**

The **USA Constitution** ought to forbid governmental immoral practices, Fugitive Slave Clause - unconstitutional protection. Freedman Bureau Act deal with issues of racial discrimination against Black people, and education expired in 1870. The Civil Liberties Act of 1988

authorized \$20,000.00 to those individuals who were directly interned and living at the time the legislation was enacted stopping perpetual-victimhood, difference between reparations for slavery. Federal and State spending on welfare programs during 1964-1973 totaled \$1.49Tn. Between 1934 and 1962, 98% of FHA-insured loans went to white families, providing them a critical generational-wealth. Home ownership (mortgage payment) build Equity-Asset. Discriminatory practices in real estate like 2008 Recession-subprime mortgage (low credit scores and inaccurate credit reports). **Retirement pensions 401 Ks-asset building since 1994 has declined for African American and worst for American Hispanic due all 'take-home pay' are needed to meet basic-needs (We live paycheck by paycheck).**

**Reparations for slavery will never correct the past injustices of slavery neither a debt is owed since cannot prove direct harm. Forcing to pay money to others would only further divide the country. Hispanics are not seeking reparations; despite being discriminated and poverty. To refrain from remedying past discrimination by past generations would have those injustices uncorrected. USA is not legally obligated to remedy past societal discrimination but ending historical guilt once for all, racial equality (the righting of a wrong).**

**Bill to authorize \$500.00 as monetary reparation to all African American citizens with 'Equity-Reparation-Treaty' will fulfil to all minorities and average American citizens the American Dream.**

**Bill to authorize \$50.00 as monetary reparation to all citizens of Republic of Iraq. The airport constructed on their soil will legally concede to Iraq government. The USA Armed Forces will permanently leave Iraq with all weaponry.**

**Bill to recognize Native Americans Genocide done by USA colonialism; Crime-Against-Humanity.**

**Bill to recognize USA supremacy- Dark Age of Slavery; "loss-generations" Human Rights and Natural Law crimes violations.**

**Bill to recognize 'crime-against-humanity' done to citizens of Republic of Iraq due Kuwait 'Fog-of-War.'**

USA decaying into authoritarianism, this cultural war and struggle session is being conducted by America oligarchy using the left. One World Government are master of inversion, they force their victims to accept as truth that which is false. BLM flags at USA Embassies but NY Times Editorial Board member 'disturbed' by sight of American Flags, example of inversion. Those who say otherwise are called domestic terrorism subjected to torment and penalized. If you submit, you will be re-admitted to polite society. **WE MUST STAY STRONG, STAND FOR THE TRUTH, AND NOT ALLOW THE TOTALITARIANS TO GET AWAY WITH THEIR TREACHERY.**

**Global-Elite are not omnipotent neither all powerful but structures of control by public acquiescence.**

Trans-Atlantic Slave Trade as pattern of immigration described as “workers” point of view is ‘corruption-of-reasoning,’ void of objective-morality and natural-law. The 21<sup>st</sup> Century inequality and slavery continues until this day (Human Trafficking). American society mind-subjugation and decadent lifestyle such no autonomy neither privacy (digital currency, health passport government intrusion), existing not living. Corporations exist to promote “shareholders-wealth-maximization” profits and purpose are inextricably linked. Critical theory (social philosophy) to challenge power structures, ideology falsely justifying some form of social or economic oppression.

Cash infusion will not stop inevitable economy collapse before 2022-2025 desperately needed by One World Government to implement digital-currency unescapable checkmate (USA Treasury Official Bankrupt). The Renaissance Party (RP), Official Bankrupt is different from these Globalist Psychopaths, RP include real change in the daily basis of average people neglected for decades. American society public administration mismanagement overwhelmed debt incurred during over exaggerated-epidemic design medical-tyranny. **American society hypochondria and self-seeking with apathy to antisocial traits unlawful claims violations of Human Rights and Discrimination against Alpha Gen., demand 'redress-of-grievances' from private agencies, public health officials, medical doctors, teachers, USA Congress, and States.**

Antisocial personality disorder to extent psychopath traits end-result from "Propaganda" (military assault) by public-private partnership aggression (actus-rea) such "Information Warfare" (mens-rea) war-crimes direct consequences violations perpetrate against American Society.**

Have you ever heard or read CIA/NSA/FBI accusation or criticism on mainstream media or media literacy from major outlets? USA Public Policy in violation Const. rights that "spirit of the law" intrinsic in life, freedom, and justice as universal-principalities apply to "Homo-sapiens One-All" as absolute inalienable right. Information warfare, protect yourself from the chaos by using ethical understanding to identify and deal with the liar (undermine logic and

humanness) to lessen the impact of deception. We are seeking the truth because today events have future consequences, expose their insidious cycle of destruction. Legit discussion against any official narrative from the scientific or gubernatorial elites have turn authoritarian. Highly unscientific approach, symptom of confirmation bias, willfully ignorant trolling, are manipulation of narrative because censorship is not discussion but only one-coin-side.

***“Tear down arguments and every presumption...and take every thought captive.” 2 Cor. 10:5***

The **Occam-Razor** mental-model cuts away competing solutions (complex theories) is unscientific (simple with correct) decision making (alternative for critical and logical thinking) exploring solutions out of real-life problem. Alternatives-strategies (Neuroscience of decision-making) can be helpful in a more rational way to counter-confirmation-bias. Furthermore, although having a higher chance of being correct is not always true neither has served to settle a scientific debate. The value of keeping assumptions to a minimum is cognitive but not absolute. **The anti-thesis of Occam-Razor is ‘Many Worlds Interpretation (MWI) of Quantum Mechanic’ accounts for all the observations.** Nevertheless, searching for answers requires instincts to scent-out-truth, including exploring conspiracy theories, is not entertainment neither obsession but deep-dive into whole-controversy. Mini-nuke weapon is activated when the nanoscale laser triggers a small thermonuclear

***“The Third Temple’s Holy of Holies: Israel’s Nuclear Weapons,” Colonel Warner D. Farr.***

Advances in nuclear research as a whole to a fourth-generation nuclear weapons is a dangerous reality not a conspiracy theory. Pure fusion bombs that omit the fission trigger, possibility?

**"Domestic Terrorism," let us take an understanding, what is a Terrorist? The terrorist group Boko-Haram (April 2014) sexual violence and abductions of Christians and Muslim girls, mass atrocities of sexual-slavery and forced-marriage and murders are "War-Crimes" and "Crime-Against-Humanity". Also, Nigerian Security Forces (NSF) "War-Crimes"- murders, rape,**

forcible transfer of population, unlawful imprisonment, and enlisting children into armed forces. **Therefore, civic duty to discern if someone being accused of “domestic terrorism” is propaganda or based on principalities. Does extremism meet violence or terrorist activity (criminal profile – intent and knowledge)? Political repression?**

**USA Office of the Director of National Intelligence: U) Domestic Violent Extremism (DVE) poses heightened threat in 2021 (March 2021), (U) Executive Summary.**

Newer sociopolitical developments such as narratives of fraud in the recent general election, Covid-19 pandemic, and conspiracy theories promote violence. The Intelligence Community (IC) assesses that lone offenders or small cells of DVEs adhering to a diverse set of violent extremist ideologies are more likely to carry out violent attacks in the security homeland than organizations that allegedly advocate a DVE ideology.

DVE criminal profile (USA-based actors); consuming violent extremist material online, biases against minority populations and perceived government overreach. Militia violent extremists (MVEs) are targeting law enforcement and government personnel and facilities. Racially or ethnically motivated violent extremists (RMVEs).

**The Renaissance Party is challenging their initial assumptions and questioning their conclusions as dissenting views. Emergency Orders on yearly bases surpassing constitutional rights is federal-government-overreach and unconstitutional. IC overly inferential leaps on domestic terrorism based on scant-evidence were unreasonable, and there is a minimal need to explain the uncertainties (political-dynamics) underlying their assessments (security-apparatus) more fully, it needs re-examination (when targeting millions of American citizens dissidents as political-repression penal code tool).**

For example, failure to intercept the CHINA-FENTANYL chemical attack from Mexico is not racially or ethnically motivated but a legit national security concern. The lack of public relations (despotism) in the decision-making process was an intentional deception and inappropriate political pressure. In some cases, analysts failed to update or correct previously published post, leading to judgments about faulty or incomplete assessments and major disagreements within the Intelligence Community. Analytic reasoning with a high degree-of-certainty to guarantee the quality of the finished-intelligence. The role of intelligence analysts is to tell policymakers what they do not know to what extent all policymakers will need access to evaluate reports as intelligence customers; but, not enough to disclose highly sensitive tightly held source-identifying details (Federal Corporations usurp the technology paid by American' taxpayers).

For example, the CIA limits the use of its intelligence-products citing the need to protect its human sources.

**Bill to open an investigation, how Senate Resolution 400 of the 94<sup>TH</sup> Congress (1976) that charges the Committee on Intelligence duty to oversee and continuing-assessments of the intelligence-activities and programs failed American society.**

Perfect storm that strikes a devastating blow against the US failure of the IC strategic capabilities (lack of diversity of analysis on the interpretation of the information). IC serious deficiencies in intelligence gathering (decline in analytical-rigor but politicized), information sharing, absolutely no safeguards of civil liberties (medical-tyranny), and not supervision from outside the IC (operating outside of the US Constitution). **Intelligence services whose reports are not and should not be published to the world, the impossibility of revealing evidence without compromising classified-sources-and-methods is the excuse, IMPUNITY, but a real consequence for the victims. For Example, HARPA-SAFEHOME, agency merged national security with health security, a TOTALITARIAN REGIME.**

***WARNING: American citizens' risk of being reported for having mental health issues by non-medical personnel.*** Example, GOOGLE advised mental health care when workers complained about racism and sexism. Another example, Virginia 58yrs old ‘call in sick to work’ resulted in flash grenade, drag him from the truck, handcuffed and transported him to a local hospital for a psychiatric evaluation and mental health hold (72 Hrs.), Mother lost custody of 6 yr. old for not wearing mask to drop off at school. **WELCOME TO DYSTOPIA.**

**FBI- ‘dereliction of duty’?**

**US military counterterrorism training documents calls socialist a ‘terrorist-ideology’ as ‘neo-Nazi,’ purge-of-dissidents guise under domestic-terrorism.**

FBI operating outside the USA Constitution means American society no longer under the Bill of Rights. The warrantless searches through the NSA's most sensitive databases for routine criminal investigations on suspected far-right domestic terrorists is an unconstitutional breach of privacy. How many arrests or convictions? The NSA's electronic data is only to be used by domestic post agencies in case of national security. In other words, the USA Constitution (founding document) is no longer the Supreme Law of the USA.

The FBI and NSA are required to conduct a post-targeting analysis, the consultation was conducted to find evidence of a crime in the early stages of a criminal investigation that is not related to national security, Fourth Amendment's Violation? The bureaucratic behavior of the CIA and NSA (self-reinforcing) and risk averse cultures that accept outside advice (resisting external recommendations) have failed to successfully confront the threats of the contentious sociopolitical factors of the 21st Century and avoid the deaths of millions of Homo-sapiens around the world. There is no compensating exercise for errors in collecting human intelligence and signals from World War III, plausibly pointing to the exchange of Weapons of Mass Destruction (WMD). Intelligence Community maintains a status-quo that is irrelevant to the new geo-political-military.

***The National Intelligence Council (NIC) operates outside of the USA Constitution (above the law), there is no accountability, nor the National Intelligence Estimate (NIE)- the most authoritative intelligence assessment (written judgments about national security issues) produced by the IC-are not omniscient, nor they own the information they collect.***

**Their "Estimate"-judgments about the likely course of future events and identify the implications for USA Foreign Policy. "Terms-of-Reference"- question NIE will address must be on Human-Rights-Principle and inclusion for dissent in the NIE (logical incompatibility revealed inherent weakness).** For example, the NIE-2002, Iraq assessment almost completely wrong (Iraq Survey Group). They hyped-intelligence was used for political purposes ignoring dissents within the Intelligence Community, turn out to be woefully wrong, after no WMDs were found (Senate Intelligence Committee-2008). Intelligence Reform and Terrorism Prevention Act of 2004 created a Director of National Intelligence (DNI) and did not provide responsibility for their actions (failure and success). The invasion of Iraq was neither in self-defense against armed attack nor sanctioned by UN Security Council Resolution authorizing the use of force. Indeed, imposing democracy by military force's strong insolence sense of civilization superiority does not represent the international community and world public opinion, but a fraction. **For example: Five Eyes Alliance –Axis Supremacy (Beast System Eyes).**

**The Renaissance Party (RP) concurs with Flag Officers 4 America: Open Letter from Retired Generals and Admirals.**

Indeed, We-The-People (live free or die) and American Society (peacefully-enslavement) are in a fight for our survival as a Constitutional Republic, like at no other time since our founding in 1776. The Democracy embedded in the Representative Republic-VOTE, faithfully reflects the "will of the people" through each individual legal citizen vote cast and counted (government IDs) is not "racist."

Furthermore, the use of racial terms to suppress the eligibility test is itself a tyrannical tactic of intimidation that kills Democracy. Today "constitutional rights" transgression should be obvious as the military officers involved back then, instead of opposing the unconstitutional exercise of executive authority as a check and balance. USA Congress functions of "declaring war" follow by "public declaration" requirement for the reasons for going to war and the manner in which war is conducted. Therefore, military officers of the highest rank constitutional duty to demand 5:5 legitimate authority from US Congress vote to declare war either to China or Iran. American society pay-attention on whether a decision to go to war is justified, civilian government retain the authority to direct "lack of candor" military officers who prove inept or disobedient.

The military pursuing its own agenda is different from "dissent" unlawful order. The military officers have an obligation to his subordinates to avert the consequences or cause even greater harm, subordinates do not have the option to resign to avoid going to war. The US government obligation to challenge military officers who undermines policy and the military obligation to challenge unconstitutional policy.
